

SURFACTANT

ACSU 101

Application

(ACSU 101) is used in spacer solution and helps lower surface tension and leaves the surfaces water wet. ACSU -101 is mainly used ahead of cement slurries to separate them from water-based drilling mud; however, it can also be used with oil-based drilling mud.

Physical and Chemical Properties

Item	Physical and Chemical Properties	
1	Appearance	Clear to light Yellow Liquid
2	Odor	Alcohol
